Status of the Claims

The response with amendments after Final filed 05 December 2003 has been received and entered. Claims 13-15, 17-19, 28-31 and 34-41 have been presented for examination.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The instant claims are drawn to a cosmetic/pharmaceutical composition drawn to the same scope as the previously allowed enzyme in US 6,274,364. It is believed that the claims are consistent with small variations in molecular weight that may arise from changes in sequence resulting from either minor proteolytic trimming or from allelic variation, so long as the cysteine protease activity is retained. No specific sequence is claimed, just the protein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 13-15, 17-19, 28-31 and 34-41 are allowed.
